NAPS Leg Band Recommendation and Order Form

L&M Bird Bands Band Size Guider

This is only to be used as a guideline to help you decide.

Here are some suggestions as to which of L&M bands will fit each bird given below. If the type of bird you need to band isn't on this list, try to find one on the list with a comparable sized leg. **Please**, keep in mind, these are only suggestions.

APPLICATION OF CLOSED LEG BANDS:

Place the band over the three long toes, pass it over the ball of the foot and slide band up leg to the hock. If the short hind toe won't release, ease the toe from the band with a pointed match or toothpick inserted between the toe and leg.
